

WEDDINGS, BAPTISMS AND FUNERALS

The Unitarian and Free Christian approach to baptisms, weddings and funerals is unique, in that there is no pre-existing order of service. The ceremony is compiled with the consultation of the chief participants and the minister in order to ensure that it reflects the beliefs, values and priorities of those involved. For persons who are considering marking an event of life's transitions at the chapel, it is important first to speak with the minister, who will be able to answer any questions.
